Da Leetla Boy..... T. A. Daly.  
Katie's Answer..... Anonymous.  
Mrs. W. J. Carter.
- 10—Duet, Overture to William  
Tell..... Rossini.  
Enid and Ruth Rosengreen.

## BENEFIT DANCE FOR SAINTS IN SWEDEN

There is to be given a benefit dance in the Fourth ward amusement hall, Monday night, April 23, to secure funds for the saints in Sweden. The dance is under the auspices of the Svea club. The tickets will be 35 cents, and as the money is for a worthy cause, the party should be generously patronized. Any persons who want to make private contributions to this fund should see John Ohlin at the Royal Bakery.

### SETTING OF CASES.

Judge Call has made the following setting of cases in the district court: State of Utah vs. Michael Mavarin; set for trial April 23. State of Utah vs. Arthur Steadman; set for same date. State of Utah vs. Chris Taylor; set for trial April 24. Matilda Sallabury vs. Dr. P. M. Poulsen; set for April 25. H. P. Blair vs. W. E. Collins; set for April 26. E. L. Larson vs. Oregon Short Line; set for April 27. Catherine S. Archibald vs. D. S. Archibald; set for April 27. Logan Northwest Field Irrigation company vs. Logan City; set for April 28. James A. Anderson et al. vs. Neph Anderson et al.; set for April 29. Richmond Irrigation company vs. Mathew H. Shaw; set for April 30.

### EXCURSIONS TO RICHMOND

Monday, April 23rd, Black and White Holstein Day. Cars every two hours via the "ELECTRIC WAY."  
—adv. 4-21.

### FISHERMEN TAKE NOTICE.

The new fish and game licenses can be had at the Rolfsen Sporting Goods Company, 24 West 1st North. Extracts from the new state fish and game laws are furnished on the back of same.—ada. 4-24.

## "EVERYBODY'S GOT A GARDEN"

Some time ago a movement was started by the Commercial-Boosters club and the Stake Mutual to get every vacant lot in Logan City planted to valuable garden stuffs, with the object in mind of making Logan produce more than it consumes and thereby be of invaluable service to our country at a time when we are facing a war crisis and a great food shortage.

To carry out the movement a joint committee was appointed as follows: L. R. Humphreys, chairman; Asa Bullen, George Cardon, Ira Cole, Howard Maughan, E. T. Lewis.

This committee has organized and has already co-operated with them in the undertaking, the Stake Mutuals, the city schools, the Boy Scouts, Logan City commission, Commercial-Boosters club, the Utah Agricultural college and the Bee Hive girls.

The necessary money has been raised, and Mr. Delores Nichols of the U. A. C. has been employed to supervise and direct the work. In addition the Utah Agricultural college has proffered to put any of their extension workers at the disposal of the committee in directing the work.

Up to the present time the committee and the supervisors have been very busy acquiring lots and organizing the boys and girls. They have found that there are a great many more vacant lots in town than can be cultivated by the young people. It therefore becomes necessary to urge every owner of a lot in this city to see that his lot is cultivated and planted.

In behalf of Logan City we appeal to every man, woman and child to look around and see what he can do to make his city produce something.

If there is anyone who has not a parcel of land to cultivate, phone Mr. Nichols at 56 or 30, and he will arrange to locate you. He will also advise with anyone about seed.

I can only leave to your imagination what the general public will think of a person who has a lot full of weeds this year.

Last year we received first prize for being the cleanest city in the state. This year let's beat the state in this garden movement.

Let our slogan be "Everybody's Got a Garden."

ROY BULLEN, Mayor.

## DR. BUDGE HAS WITHDRAWN HIS FILING

State Engineer W. D. Beers, has written the Commercial club suggesting that Dr. D. C. Budge be asked to withdraw his filing on the waters in Logan canyon, as the recent law passed by the state legislature is not retroactive and has no effect on the Budge filing. Dr. Budge has been approached on the matter and he, in a very public spirited manner, agreed to get his company to withdraw his application, although several hundred dollars in surveys, etc., have been expended on the project and \$5000 have been offered for the site. Dr. Budge and Mr. W. W. McLaughlin are the principal ones interested in the site. There is no doubt but that Mr. McLaughlin and the others in the company will consent to withdraw, as they are all public spirited men and desire to comply with the wishes of the people.

## RETURNED FROM JUNKET; DOWN TO BUSINESS

The industrial commission of Utah has returned from its trip to the Pacific coast and is getting down to business. Some have sought to criticize the commission for making the first resolution on its records, a motion appropriating \$500 for a trip to the coast. When one considers that the commission has \$90,000 of the people's money to spend during the next two years, the small sum of \$500 for its first trip is a very insignificant affair.

The Type of the Cow that will hold the attention of the Cache Valley Dairymen at Richmond on Monday, April, 23rd. Annual "Black & White Day"

## RICHMOND DEPARTMENT News From the Lively Town up North

Richmond, April 20.—Not many trees were planted in our little burg Arbor Day as the ground was cold and wet as well as the air. However, schools and business houses were closed giving a holiday tone to the day.

Stake Primary Convention was held here Saturday with a goodly attendance from the wards of the stake, all being represented but Newton and Clarkson. The visiting sisters from Salt Lake City were Clara Beeby and Ella Germane of the Gen. Board. The forenoon meeting was taken up in testimony bearing and a talk in dress by Counselor Clara Beeby. Luncheon was then served in cafeteria style to a crowd of 120 after which all went to the tabernacle to view the sand-table containing the busy work. Upon returning the opera house sister Ella Germane took up the Lesson, story, busy and social hours giving demonstrations in the busy and social hours. The convention closed with a spirited stake board meeting.

The visiting sisters were the guests of Mrs. Wm. Lawrence.

Stake conference will be held here Saturday and Sunday; the brethren in attendance will be O. F. Whitney and Levi Young.

An architect from Salt Lake City met with the tabernacle committee last Sunday and another from Ogden was up Thursday considering the advisability of remodeling the building. A core of men are busy at present digging a drain to carry off the water in the basement.

Monday April 23 will be a big day in Richmond for the dairy men. All kinds of breeds will be exhibited and prizes awarded the best.

J. W. and Clarence Funk with S. W. Hendricks and Henry Christofferson as representatives of the South Ward Building Committee have investigated the ward meeting houses of Ogden and Salt Lake while at conference.

They are home filled with good ideas on how to go to work with their own meeting house.

Mr. Walter Spackman and family have moved into the home of Mr. Ed. Larson.

Mr. and Mrs. Wm. Lewis announce the engagement of their daughter Lizzie and Mr. Truciman Hilliard of Smithfield, the wedding to take place in May.

Also their son Ralph will marry Miss Mae Smith daughter of Mr. and Mrs. Heber Smith.

Mr. Wm. Barnes has bought the Lundstrom home and his family has now moved in.

Miss Libbie Stevensen of Lewiston is the guest of Mrs. H. A. Aamson.

The Club room in the basement of the library building is now completed having a new floor, painted woodwork and calomined walls. It will be used for the ladies rest room on "Dairy Herd Day."

We are pleased to see Mr. Hale Thompson behind the Drug Store counter again after his long spell of sickness.

Mrs. Farley Monson is very seriously ill in Logan.

Mr. Melvin Harris and wife spent Arbor Day here with his parents.

Mr. and Mrs. C. Z. Harris.

Mr. Henry Johnson has leased a portion of Oscar Popes land in Lewiston and with his mother has moved there for the summer.

The pupils of Miss Bessie Shaw Miss Katherine Anderson and Miss Clara Munk, have showed their kindly feelings towards these teachers by giving them little surprise parties. Each one has been an event of much fun.

Our gypsy friends have camped north of town and most of us have had the fortune tellers visiting our home during the past week.

Mr. Mazel Merrill who has enlisted in the Aviation corps for 7 years left for the coast Tuesday. A farewell party was given him at the opera house Saturday night.

Morris Bair in handling some electrical fixtures picked up an insulator with the result that his hand was badly torn from the shock. Surgical aid was needed to sew up the wound.

Funeral services over the remains of Mrs. Maria Thompson were held at the opera house Sunday. Bishop Lewis McCarrey presiding. The speakers were Prest. Alma Merrill and Lehi Olsen of River Heights. All Spoke of the virtues and the good life of the departed sister. The following songs were rendered by the choir. "Oh What Songs of the Heart," "The Deepening Trials," and "Nearer My God to Thee." The opening prayer was offered by Geo. O. Webb and Carl C. Carlson pronounced the benediction.

Prof. Hogenson of the A. C. was the main speaker at the meeting held in the opera house Sunday evening. He spoke on the increase of food supply by cultivating the vacant city lots and encouraged the organization of clubs for this purpose: Bishop McCarrey and Earl Robinson also spoke on the virtues of these moves and the necessity of them.

Prof. Casto will speak on "Mormon Pilgrimage" at the High School building Monday evening at 8 P. M. Admission 25 and 15cents.

Mr. and Mrs. S. W. Hendricks entertained at their home Friday evening. This social was one of the royal events of the season including a most delicious luncheon which was served to about 50 guests. The floral decorations were ferns and carnations.

Mr. Elijah Allen of Arizona a cousin of the McCarrey brothers and sisters has visited with them for the purpose of gathering genealogy. He also attended the Salt Lake Conference while in Utah.

A most interesting and profitable lecture was given to the parents class Sunday by Prof. Hansen of the A. C. His talk was on the planting of tree flowers shrubbery etc.

Monday evening the mutual organization of both wards celebrated the closing of the lesson season; two brethren and seven sisters of the Stake Board were present. After the splendid program a dance was enjoyed and all present report a most enjoyable time.

"Nathan Hale" was the High School play much appreciated by the audience Wednesday evening.

Mrs. Caroline Thompson was hap-

## ITALIAN LOST TRACE OF SON

The Utah Agricultural college has received a very pathetic appeal from one Durga Parashad Varma, Station Master at Ghaghraghat, Jarmal Road, District of Babraich, India, requesting that the institution aid him in getting trace of his son, Luxmani Parashad Varma, from whom he has not heard since April, 1915. At that time the son was attending the University of California, at Berkeley. Any information regarding the whereabouts of Luxmani Parashad Varma should be sent to the president's office of the Utah Agricultural college in order that that office may send it to the aged father.

## MR. CHAMBERS IS APPOINTED CITY ENGINEER

A. H. Chambers has been appointed city engineer. This action was taken by the city commissioners at their meeting on Thursday night. The vacancy in this office was caused by the resignation of Mr. Bullen, who was recently appointed mayor.

Mr. Chambers has a great many friends here who will be on the line to congratulate him on this appointment. He came to Logan about six years ago at the request of the county commissioners to work up a set of ownership plats for Cache county, and how well the work was done, the plats in the office of the county recorder tell the story. Mr. Chambers has been an assistant to the county engineer for the past few years and has had much valuable practical experience along his chosen profession, as well as being a graduate of the University of Utah engineering department. There is no doubt but that he will make a valuable and efficient official for Logan City. His services in the office of the city engineer, during the years while the city sewer was being constructed, places him in a position to know pretty well the various departments of the city, such as the water works, sewer, paving, etc., over which he, of course, will have a general supervision.

## GENEROUS OFFER MADE BY LAND COMPANY

In this issue of the Republican is an announcement by the Promontory-Curlew Land company by its officers and directors to the farmers of Utah who may want to do farming during the next two years. The statement is plain and sets forth a way whereby there is little excuse for anyone to fail to do farming on account of no land. The land of this company is offered to those who desire to farm it, absolutely free for the next two years. There is no doubt that a great many will avail themselves of this generous offer.

## MR. ROOSEVELT TO GIVE TALK AT CHICAGO

Pres. E. G. Peterson of the U. A. C. has just received an invitation, at the request of the Honorable Theodore Roosevelt, to be present at a nation-wide demonstration and mass meeting in the interest of national defense and the support of President Wilson, to be held in Chicago on the evening of April 28. Colonel Roosevelt will be the principal speaker of the evening. Governor Lowden will preside.

ply surprised Saturday, the occasion being her birthday. A beautiful bedspread was presented to her.

The stake mutuals will have a big day at Smithfield April 28th. All the wards of the stake will be expected to send representatives to the demonstration.

## A CHAMBER OF COMMERCE ADVOCATED

(By Geo. F. Wright.)

The day of individual effort is past, and unless we move in organized unity, there is very little accomplished.

It appears to me that the need of the hour in this country is a chamber of commerce. One organized on good broad lines, and in a manner that makes for permanency, and to affiliate with all the commercial clubs in the country.

I would suggest an organization about as follows: A president, two vice presidents and a secretary, who may also be the general manager, and about thirty directors selected from all over the country.

This organization should start out with at least five hundred members, from which committees could be selected about as follows: Finance, ways and means, membership, advertising, city planning and management, field sports, good roads, legislation, public entertainment, commerce, manufacturers, new industries, trade extension, traffic, transportation, convention, publicity, education, statistics, and any others that might be required or suggested.

We would hold county conventions in the different towns and get acquainted with our own county and the people in it, and in this way improve our methods and take advantage of the vast but untapped opportunities, under our feet and all around us.

If we will start out right, I will predict that in ten years we can more than double the population of this country, and its resources. We want people and factories for them to work in, and the only way to get them is to get out and holler for them.

There are many people coming into this country every year and passing on to other localities for lack of entertainment aside from what a real estate agent might give them. Another thing, we should conserve sufficient of our products for our own use, and a committee on statistics could soon have at their disposal just what the country requires for home consumption, and what we could dispose of, a committee on commerce or trade extension could tell us where to market it, and so on all through the organization we could get the best results—and we would not be selling our potatoes at fifty cents per bushel and buying them back at six cents per pound—and the same with wheat and other products.

Cache county has populated southern Idaho and a part of Canada, and now we are filling up Boxelder county, and if there is not a stop put to this needless migration there will be nothing left in this county but old men and cripples.

With a membership of five hundred to start with, at \$1 each for entrance fee and twenty-five cents per month dues, together with what the field sport committee would get, would be sufficient to finance it, and in a very short time we would be housed in our own building where samples of our products could be displayed, and also we could hear lectures from the master minds who are traveling from coast to coast tending encouragement and arousing enthusiasm by dispensing new ideas that keep us abreast with the times.

I would like to hear from someone else.

### Influence on Character.

In the molding of character nothing matters so much as influence. It is the heart of all education, the inner secret of home and of school. More than any wit or genius is the value there of simple goodness, "natural thoughtfulness." Surround a life with its rays and dormant goodness will not fail to come to birth.

DRESSMAKING AND TAILORING.
